

This Accessibility Plan is compliant with the current legislation and requirements and supplements the Equality & Diversity Policy. Governors are accountable for ensuring the implementation, review and reporting on progress of this plan annually.

The aim of the Accessibility Plan ensures that the school continues to improve all aspects of the physical environment of the school site, the curriculum and written information so that all pupils with a disability can take full advantage of the education and associated opportunities provided by the school.

Definition (Equality Act 2010) “A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities” Physical or mental impairment includes sensory impairments and also hidden impairments. ‘Substantial’ means ‘more than minor or trivial’. ‘Long-term’ means has lasted or is likely to last more than 12 months. The definition is broad and includes children with a wide range of impairments, including learning disabilities, dyslexia, autism, speech and language impairments, Attention Deficit and Hyperactivity Disorder (ADHD), diabetes or epilepsy, where the effect of the impairment on the pupil’s ability to carry out normal day-to-day activities is adverse, substantial and long-term. All those with cancer or surviving cancer; HIV or Multiple Sclerosis are now included from the point of diagnosis. A significant number of pupils are therefore included in the definition.

Normal day-to-day activity The test of whether the impairment affects normal day-to-day activity is whether it affects one or more of the following:

- Mobility
- Manual dexterity
- Physical co-ordination
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing or eyesight
- Memory or ability to concentrate, learn or understand
- Perception of risk of physical danger

At Baildon Glen Primary School we are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and

cultural needs. We are committed to taking positive action with regard to disability and to reinforcing our culture of inclusion.

At Baildon Glen Primary School we currently have pupils with visual and hearing impairment, personal care needs, and also pupils with additional communication, learning and physical needs. The plan addresses our current school community but recognises the need to make reasonable adjustments where practicable if the situation changes. It also acknowledges that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan will contain relevant actions to:

1. Improve awareness of equality and inclusion.
2. Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
3. Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the Disability Discrimination Act. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
4. Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame. Information about our Accessibility Plan will be published on the school website and copies made available to parents on request.

[The Exceed Academy Trust complaints procedure also covers concerns about SEND provision.](#)

The Plan will be monitored through the school's Local Area Board.
